

ACCOMPLISHING PRIORITIES: RETIREMENT INCOME AND SUPPORT FOR SALESIAN MISSIONS

THE BENEFITS OF THE CHARITABLE GIFT ANNUITY

Accomplish your priorities: Financial security in retirement and support for Salesian Missions

Life is full of competing priorities. Often the things *we want* to do don't coordinate with what we know *we need* to do. If you are in or approaching retirement, you know that one priority is making sure you have enough income in retirement. Yet, you may also want to continue your support of favorite charities such as Salesian Missions. Saving for retirement and charitable giving don't have to be competing priorities. Enter the Salesian Missions charitable gift annuity! Consider achieving two of your priorities at once - both retirement income and charitable support.

The benefits of establishing a charitable gift annuity

A charitable gift annuity with Salesian Missions is simple. You make a gift to Salesian Missions of cash or appreciated securities, and Salesian Missions agrees to pay up to two individuals - most commonly you and your spouse - a fixed income for life. The payments never fluctuate and are not affected by changes in the economy or financial markets. Salesian Missions will give you a simple agreement for your records. Then just wait for the payments. In return for your gift, you will get an income tax charitable deduction for a portion of your gift. In almost every case some of your annuity payments will be partially tax-free for a time. Two priorities accomplished - additional retirement income and generous support for Salesian Missions.
